Darby Twp. Safecrackers Get \$600

3rd Grain Firm To Be Robbed In Past Month

Entry Made Through Smashed Window; Office Ransacked

Another grain company was the scene of the latest in a series of local safe crackings.

The Pickaway County sheriff's office reported that a safe in the offices of the Ivan Hill Grain Company in Derby was "punched" sometime last night. An early estimate placed the amount taken at approximately \$600.

Two other grain companies, the Ashville and Scioto firms of Ashville, were hit by safecrackers the night of February 22 for \$140 and \$251 respectively.

"It looks like the same type of job," Deputy Sheriff Dwight Radcliff remarked at the scene of the latest safe cracking.

THE LATEST BREAKIN was discovered about 7:30 a. m. by Ivan Hill employees who were opening the company for business.

The burglar or burglars entered the building by smashing a side window. Several drawers in the office were ransacked but apparently nothing was taken from them, according to Deputy Radcliff.

The deputy also said that several footprints were found near the smashed window and that casts were being made of them.

An extensive examination of the "punched" safe is being made by an agent of the London Bureau of Investigation.

Within the past month, in addition to the two Ashville robberies, breakins were committed in three Masonic Building offices in Circleville during the weekend of February 23-24. A safe in the law offices of Leist and Leist was "punched" and an unsuccessful attempt was made to open a safe in the law office of Attorney Max Seyfert at that time.

Rural Ohio County Hailed For Progress

WASHINGTON (AP)—Rural leaders of Monroe County, Ohio, and an extension agent are credited with devising a plan that has improved the low living standards of farmers there.

They did it, said C. M. Ferguson, administrator of the Agriculture Department's Extension Service, by persuading the Olin-Matheson Co. to build a big aluminum plant in the county.

In testimony made public by a House Appropriations subcommittee, Ferguson said Monroe has the lowest agriculture income of any county in Ohio.

But in 1954, he said, one of his county agents got the rural leaders together "to see what they could do to put some jacks under the economy."

Then, he said, the leaders made it known to Olin-Matheson that more than 4,000 people in Monroe were available for hire. And, the firm decided to build there.

U.S. Red Roster Said Dropping

NEW YORK (AP)—A former official of the American Communist party has told congressional probbers that dues-paying members of the party have declined from a high of 100,000 to about 17,500.

The testimony was given by John Lautner, now a government consultant on communism, before a House Un-American Activities subcommittee.

Israelis May Strike Again If Egypt Enters Gaza Strip

JERUSALEM (AP)—Prime Minister David Ben-Gurion told the Israeli Parliament today that his government "reserves its freedom of action" if the Egyptians return to the Gaza Strip.

Israel withdrew from Gaza

for Egypt to handle the civil administration in Gaza while U. N. troops policed the Israeli-Gaza border.

It was Ben-Gurion's first comment since Egypt announced it was resuming control of the disputed Mediterranean coastal area. The tough old Israeli leader who ordered Israel's blitz invasion of Egypt last October warned:

"If the time comes when action is appropriate and necessary, the Israeli government will not, of course, give prior notice of its actions."

The Gaza Strip, Ben-Gurion told the Knesset (parliament), never belonged to the Egyptians and was "of use to them only for the purpose of attacks or threats against Israel."

In Cairo, U. N. officials and the Egyptians appeared to be moving toward a compromise providing

Scioto County Seeing Return Of Telephones

PORTSMOUTH (AP)—Police and phone lines were restored here Tuesday in a continuing effort to bring Scioto County's communications back to normal after the long Ohio Consolidated Telephone Co. strike.

The company said workmen concentrated most of the day in repairing one cable serving the hospital and police department. The cable was one of many slashed during the strike.

The 228-day strike of the Communications Workers of America ended Feb. 27 after union members ratified a new contract. For many weeks during the strike the Scioto County exchanges had been closed by cable slashings.

Eleven former strikers Tuesday were ordered to pay costs on court proceedings growing out of convictions on contempt of court charges last October.

Judge James W. Lang Jr. of Adams County, who found the 11 some weeks ago, did not impose any other sentence. His ruling was similar to one by Judge William D. Radcliff of Circleville when he found 24 strikers guilty of contempt during hearings here.

Judge Lang dismissed charges against Local 4372 and nine other persons, telling the union members: "You as individuals are the ones that violated the order."

The contempt charges grew out of alleged violations of a court order against violence.

Guest' Statute Limitation Affirmed

COLUMBUS (AP)—The Ohio Supreme court Wednesday split 4-3 in affirming that the state's guest statute does not apply to an automobile passenger run over after leaving the car.

The decision upheld Summit County courts in awarding damages to Miss Inez M. Clinger who was run over by the car of Miss Emma G. Lemen in Akron, Dec. 31, 1952. The accident occurred when Miss Clinger fell as she started to enter the car.

Ohio's "guest statute" exempts a car owner from liability for damage to a guest passenger unless the owner is guilty of willful and wanton misconduct in operating the machine.

NCR To Expand

WASHINGTON C. H. (AP)—The National Cash Register Co. of Dayton will build a 500 by 200-foot building addition to its plant here. The present facilities employ about 150 persons.

Low Bid Opened

COLUMBUS (AP)—Donald J. McQuade of Swanton is the apparent low bidder for general construction work on a State Highway Patrol post at Fremont. His bid was \$32,732 against a state estimate of

the period from mid-1954 to mid-

last week on the assumption that the U. N. Emergency Force would administer the strip and that Egyptian control would not be reimposed.

U. N. Undersecretary Ralph Bunche and Egyptian President Nasser met for the first time to discuss the Gaza crisis.

Egypt's surprise announcement that it was again taking over civil control of Gaza came Monday, but spokesmen for Egypt's Palestine Department still gave no indication when Egyptian administrators would move in.

Meanwhile, diplomats conferred at a furious pace in Cairo, Washington and at U. N. headquarters.

Tension was eased somewhat by a statement from an Egyptian official that the Cairo government has no plans for the present to send troops into Gaza to back up a civil administration. This apparently meant UNEF would serve as a border buffer between Egyptian and Israeli forces.

CANBERRA, Australia (AP)—The SEATO Council of Ministers ended its third annual conference today with a call for more economic cooperation coupled with continued military vigilance to combat Red aggression in Southeast Asia.

Winding up a three-day session, the eight-nation council put out a communique outlining four main objectives:

1. Tighten SEATO's defense and intensify measures to safeguard the internal security of members.

2. Develop economic resources of SEATO members to keep them from coming under the domination of the Red bloc.

3. Encourage a multilateral cultural program to promote mutual understanding among members.

4. Extend SEATO's programs of detecting and exposing Communist subversion.

The final communique said that the ministers felt that although the immediate military threat to peace in Southeast Asia has waned "the military strength of Communist China and of North Viet Nam is continually being increased."

NEW DELHI (AP)—The city government's campaign to dry up the Indian capital advanced another step today. All advertising of alcoholic drinks was banned. Public drinking already is banned and two days weekly are completely dry.

Three Delta Airlines planes were searched Tuesday night at Newark, Houston, Tex., and Charlotte, N. C. The airline reported it had received a telephoned bomb threat at its Philadelphia office.

Twenty-two of the planes were searched at New York's two airports, Idlewild and LaGuardia, and at Newark, N. J.

Another six planes were ordered out of the air and told to land at their nearest airports. These planes landed at Philadelphia, Boston, Baltimore, Pittsburgh, Detroit and Cleveland.

American Airlines, on the basis of a telephoned threat received by its Philadelphia office, had one of its twin-engine Convairs searched as it landed here Tuesday night on a flight from Boston.

Three Delta Airlines planes were searched Tuesday night at Newark, Houston, Tex., and Charlotte, N. C. The airline reported it had received a telephoned bomb threat at its Philadelphia office.

Investigators combed through 300 pieces of luggage taken off three United Airlines planes in Philadelphia.

Eastern Airlines also received a call. A plane bound for Miami was delayed a half-hour while it was searched.

Actress Josephine Hull Dies At 71

NEW YORK (AP)—Actress Josephine Hull, who won acclaim for her Broadway and movie portrayals of lovable, humorous, eccentric old ladies, is dead at 71.

In failing health for several years, she died here Tuesday of a cerebral hemorrhage.

Mrs. Hull appeared in the movie "Harvey" and won an Oscar for best supporting actress in 1951.

FFA Prize Awarded

COLUMBUS (AP)—Robert Riemenschneider, a senior at Lima Shawnee High School, has been named to a new post with Air Force headquarters in Washington. Davis, 44, has been commander of Air Task Force 13, the unit assigned to the aerial defense of Formosa, since June 2, 1955.

TOKYO (AP)—Radioactive dust, rain and snow have been reported in northern and central Japan following the Soviet nuclear test explosion March 8. Japan for the first time asked Russia Monday to suspend their nuclear tests.

AUCKLAND, New Zealand (AP)—An earthquake shook a wide area between Christchurch and Wellington today. No serious damage or casualties were reported.

TAIPEI (AP)—Brig. Gen. Benjamin O. Davis Jr., highest ranking Negro in the U. S. Air Force, has been named to a new post with Air Force headquarters in Washington. Davis, 44, has been commander of Air Task Force 13, the unit assigned to the aerial defense of Formosa, since June 2, 1955.

NEW YORK (AP)—Reginald Mikesell, secretary-treasurer of the Teamsters Union, has been denied a release from prison on a charge of mail fraud.

Mikesell was the first witness called on the 10th hearing day of the investigations into an alleged plot by some Teamsters Union bosses, public officials and underworld elements to control Port

land vice profits.

Mikesell said that most financial records of Council No. 37 for the period from mid-1954 to mid-

Nonessential Spending Eyed By Senate Dems

House Votes To Ask Ike Where Big Budget Could Be Slashed

WASHINGTON (AP)—Sen. Lyndon B. Johnson (D-Tex) said today Senate Democrats will make "least essential" spending their prime target in a drive for "substantial" cuts in President Eisenhower's \$71.8 billion budget.

Johnson, the Senate Democratic leader, said forthcoming recommendations of Chairman Byrd (D-Va) of the Senate-House Committee on Nonessential Federal Expenditures will be made the basis for a Democratic economy campaign.

Johnson disclosed this plan after the House voted 219-178 Tuesday night to ask Eisenhower to point out where "substantial reductions" could be made in his record peacetime budget.

Countering this, the Conference of All Republican Senators adopted a resolution saying they were "in accord with the President's recommendation that Congress reduce the budget wherever possible."

As their House colleagues had contended in lining up almost solidly against the House-passed resolution, the GOP senators said that "the appropriation funds for federal government activities is the constitutional responsibility of Congress."

The bureau's executive secretary, D. R. Stanfield, said his group is backing a two-year extension of a law providing for shipping surplus food overseas and wants the money for this boosted from one to four billion dollars.

Stanfield expressed these views prior to a breakfast held for Ohio members of Congress by the Ohio Farm Bureau. The bureau's 50 delegates close three-day trip to Washington.

It was Stanfield's contention that the farm export bill is the only one desired by the Ohio Farm Bureau that would entail additional government spending.

But this one is needed, he said, because farm costs remain high, prices are "relatively low," and farm exports tend to relieve this condition.

TOKYO (AP)—U. S. Navy planes combed the Western Pacific today seeking a U. S. Air Force tanker plane missing with 10 crewmen aboard.

In central Japan a four-man Air Force medical team parachuted to a mountain spot about four miles from what was believed to be the wreckage of a missing C47 transport. Four men had been aboard the C47.

Eastern Airlines also received a call. A plane bound for Miami was delayed a half-hour while it was searched.

THE LAW as it now stands, said Stanfield, "is a good one, even though it isn't a total answer to the farm problem during this period of farm surplus."

With respect to another piece of proposed legislation, H. D. Heckathorn, president of the Ohio

Author-Lawyer Denied Release

AKRON (AP)—Author-lawyer John M. Holzworth, 68, was denied an unconditional release from nearby Haworthen State Hospital Tuesday by Summit County common pleas court.

Judge Ray B. Watters agreed with hospital authorities that Holzworth, declared sane two weeks ago, should remain under their jurisdiction on a one-year trial basis following his release.

Claiming he had several cases coming up in Washington, Holzworth, author of "River of No Return," contended the conditional release would take from him indirectly his right to practice law.

Meanwhile, in Boston, the Institute for Safer Living said that if all accidents could be eliminated in the United States for one year, the money saved could build one million new single family houses. It said all accidents in the nation last year cost nearly \$1 billion.

The court admitted for review an appeal by Belmont County Commissioners from decisions knocking out their authority to determine the pay of squires.

Common pleases and appellate courts held unconstitutional sections of the law, passed amid a legislative adjournment rush, that took JPs off the "fee system" and put them on salary.

North Sewer Job Readied For Start

Long-Planned Improvements Still Need Several Easements

Circleville will soon see the first step of its long-awaited and badly needed Northend sanitary sewer project get underway, according to Dewey Speakman, city service director.

After many months of discussion on the part of city officials and exhaustive study and planning by consulting engineers, the big sewer improvement job will probably be started within the next 60 days. Speakman said bids for the job will be advertised within the next few days.

Plans for the job, probably one of the biggest projects ever handled by the city of Circleville, have already been approved by the state health department. Official approval was received by Mayor Bob Hedges several days ago.

However, before the final go-ahead signal can be given, the city faces the task of coming to terms with several Northend land-

Rev. Mitchell Talks At Logan Services

The Rev. Donald E. Mitchell, pastor of the Circleville Presbyterian Church, will address members of the Logan First Presbyterian Church congregation at Lenten devotional services to be held in the Logan church sanctuary at 7:30 p. m. tonight.

The Rev. Mr. Mitchell, a veteran of World War I, served churches in Covington and Cincinnati before accepting a call to Circleville. He is also a leader in camping and youth work.

Bracken Lee Plans Anti-Tax Campaign

WASHINGTON (UPI)—Former Republican Gov. J. Bracken Lee of Utah, new national chairman of For America, says he will expand his campaign against the federal income tax.

Reorganization of For America with Lee in the new post was announced Tuesday. Lee said he will stump the country speaking for reform of the income tax and against "reckless spending."

Services will be Thursday at 2:30 p. m. in the Denebough Funeral Home with the Rev. Donald Mitchell officiating.

Burial will be in Forest Cemetery.

Friends may call at the funeral home.

3 New Aleutian Quakes Recorded

NEW YORK (UPI)—Three more earthquakes in the Aleutian Islands area, less severe than those reported there previously, were recorded on the Fordham University seismograph.

Clarence Begner's 40 Araucan chickens, imported from Chile, lay eggs, he claims, in green, blue and pink—and sometimes in stripes.

Begner, a Princeville, Ill., shipping supervisor, hopes for a brisk Easter egg trade this year.

Three shocks were recorded Tuesday night.

Estimated, selling at auction.

World Today

By JAMES MARLOW
Associated Press
News Analyst

WASHINGTON (AP) It may be time for Secretary of State Dulles to take a new look at the Polish Communist government. Months ago in a classified letter never made public he told Congress Poland now is not Soviet-dominated. In last October's upheaval in Poland the Stalinists in control of the government were thrown out and Wladyslaw Gomulka, a Communist jailed for years as a "Titos" by Stalin, was made boss of the Communist party.

Since then his government has shown signs — although there have been reasons for skepticism — of being independent of Moscow. And several weeks ago it sent a delegation to Washington to ask for American economic help.

Dulles' letter was sent to the House Foreign Affairs Committee weeks before the delegation arrived. Between that time and now most of his attention has been concentrated on the Middle East and getting the Israelis out of Egypt.

But on March 10 the New York Times carried a story from Warsaw which said almost all the leaders of the Stalinist faction which fought Gomulka's return to power have now been reinstated in government jobs.

As a result, the story said, there is a feeling of bewilderment in Poland over the Polish Communists' tactics. And students have posted signs asking: "Are these changes of jobs or of policy?"

There can be no doubt of the desire among Poles — 90 per cent of whom are Roman Catholic — for independence from Moscow. What isn't known is this: Was the party shift-around in October a real attempt at independence by the Polish Reds themselves or an effort to quiet the wide unrest by putting on a different face?

There can be no doubt that some of the former harsh Communist controls have been relaxed under Gomulka.

But Russian troops are still in Poland. Under a treaty with Russia, they are forbidden to move around without the Polish government's permission, but this agreement could be broken instantly if the Polish people tried to throw out the Communists altogether.

And Gomulka on Jan. 14 said Poland must veer back toward Moscow's orbit. Poland recently voted in the United Nations for a resolution condemning the United States for alleged subversive activities in Iron Curtain countries and Russia.

What does it all add up to? It adds up to these questions: Has Poland shaken off Soviet control? If so, will this last or will the pro-Russian Poles take power again?

The State Department isn't saying much. Perhaps Gomulka, with Russia breathing down his neck, has to take it easy in trying, if that's what he's doing, to lead his people further away from Moscow. He may be under great pressures.

If this is a sincere attempt at a breakaway, it would be to this country's advantage to encourage it by economic help, just as the United States' aid to Yugoslavia's Tito helped him stay independent of Moscow.

Before Congress votes any help the Eisenhower administration is going to have to say openly, one way or the other, whether it thinks Poland is now free of Soviet control.

Airliner Halted In Bomb Scare

CLEVELAND (AP) — A New York-to-Detroit airliner made an unscheduled stop here Tuesday after the TWA reservation office in New York received an anonymous telephone call warning that there might be a bomb on the plane.

The 22 passengers waited in Cleveland Hopkins Airport for more than two hours while police, postal inspectors and CAA investigators made a search of the plane. No bomb was found.

Education Budget \$600,000 'Short'

COLUMBUS (AP) — The president of the State Board of Education Committee that it budget for the next two years as drawn by Gov. O'Neill is \$600,000 short of maintaining operations.

Board President Robert Manchester told the committee "We were alarmed when we found that we were \$600,000 short of maintaining our present personnel."

The committee is holding hearings on the \$1,149,000 budget.

Second Murder Trial Faces Man

CINCINNATI (AP) — Opening arguments are planned today in the trial of Denver Powell, 46, for first degree murder.

This is the second trial for Powell, of El Centro, Calif., in the gunshot death of delicatessen operator John Schreck during a 1949 hold-up attempt. The first trial ended in a hung jury.

A three-man, nine-woman jury was sworn in Tuesday and taken to the spot where Schreck died.

Ohio CD Fund Said Too Low

COLUMBUS (AP) — A state Civil Defense official said Tuesday that Ohio has the smallest per capita appropriation for civil defense of any populous state.

The official, Thane M. Durey, deputy CD director, added that Ohio with only 17 persons employed in its state organization, has the smallest CD staff of the major states.

Durey told a hearing of the House Finance Committee that the last biennial appropriation amounted to only 1.2 cents per person. He said New York and California are spending almost 10 cents per person.

Durey urged the committee to approve the CD request for a \$399,308 for the coming two years. Gov. C. William O'Neill's budget allows \$275,210.

Auto Financing Probe Scheduled

WASHINGTON (AP) — A Senate subcommittee will open hearings Monday on abuses in car financing practices.

Sen. Monroney (D-Oklahoma), chairman of the Automobile Marketing Practices Subcommittee, said a state-by-state survey had revealed a number of points which would be explored.

He named them as "illegal and deceptive insurance charges, high and misunderstood finance charges, no-down-payment plans requiring the car buyer to mortgage his furniture or goods, 'balloon' notes in which the last payment equals many hundreds of dollars that must be refinanced, and repossession abuses."

Senator Dislikes Word 'Foreign'

WASHINGTON (AP) — Sen. Humphrey (D-Minn.) has proposed changing the name of the Senate Foreign Relations committee to the Committee on International Relations.

It would be "more palatable to our friends abroad," he said.

"Even before World War II, though some people did not realize it," Humphrey added, "we had reached a point in American history where our dealings with other peoples were no longer 'foreign'.

"We Americans still talk too much about our 'foreign policy.' The phrase is obsolete. It is not only obsolete, but it is disruptive. It creates suspicion."

Psychiatric Tests Awaiting Robber

COLUMBUS (AP) — The case of Donald R. Butch, 23, of Mansfield, accused of the Feb. 1 armed robbery of the First National Bank of Mount Gilead, has been continued in federal court on a plea for psychiatric tests.

Butch will undergo tests at the Columbus Psychiatric Clinic before March 29. His attorney, Gordon Bolon, requested the test in view of the man's "history of psychiatric treatment."

Butch had been under examination at Chillicothe Veterans' Hospital. Results are incomplete.

Butch was captured and some \$14,000 in stolen funds recovered three hours after the holdup.

Judge Urges Adults Learn Youth Lingo

CINCINNATI (AP) — Juvenile Judge Benjamin Schwartz says he thinks adults must learn to understand the language of youth better because "50 children can commit burglary, but there will be 50 different reasons."

He told a civic group Tuesday night that, "for example, we do not understand their almost hysterical interest in automobiles. That interest could be channeled into constructive outlets, but it sometimes has tragic results."

The 22 passengers waited in Cleveland Hopkins Airport for more than two hours while police, postal inspectors and CAA investigators made a search of the plane. No bomb was found.

Education Budget \$600,000 'Short'

COLUMBUS (AP) — The president of the State Board of Education Committee that it budget for the next two years as drawn by Gov. O'Neill is \$600,000 short of maintaining operations.

West Europe Export Mart Starts To Thin

U.S. Manufacturers Finding Their Goods No Longer Needed

By SAM DAWSON

NEW YORK (AP) — The rich vein of export markets that some American manufacturers mined in west Europe at the end of the war is running thin.

Germans and other western Europeans — fitted out with American machinery and machine tools under the Marshall Plan and other aid programs — today are making more than ever of these capital goods for themselves.

The industrial boom over there has made them self-reliant, although there is still a market for many things the United States makes best and only currency restrictions hold down the demand for American consumer goods.

American tool makers complain that the lower European wage scales put U.S. manufacturers at a disadvantage — not only in Europe but in the world markets where both compete, such as Latin America. Lower prices, easier credit terms and a driving sales campaign have helped Europeans sell their stuff abroad.

But total exports of U.S. goods to Europe, including farm commodities and industrial raw materials such as oil and coal, continue to rise. And as a group the western European nations are still America's top market.

U.S. government figures put exports in general to Europe last year at nearly 6½ billion dollars, one fourth higher than in 1955. European dependencies took another 657 million dollars worth, a gain of 28 per cent.

Canada is the second biggest market — and the largest for a single nation — with U.S. exports to it totaling more than four billion.

Latin American countries took 3½ billion dollars worth of our manufactured goods, farm products, and industrial materials.

Total American exports to the world markets continue high — the census bureau reports that this January they were 32 per cent higher than in the previous year.

Farm exports in the seven months from July 1 to January 31 were up 45 per cent in dollar value from the like period in the preceding year, and up 51 per cent in quantity.

The problem of meeting the competition of lower wage scales, and of getting under the tariff and currency barriers, has been met

by many U.S. corporations by putting up plants overseas and making their products there.

Foreign traders here report that the European market for American machine tools began fading two or more years ago.

Right after the war it had been a bonanza, as Washington put these products high on the preferred list in its aid program.

State Liquor Probe Leader Selected

COLUMBUS (AP) — The Ohio Department of Liquor Control has appointed its first investigator-in-charge since reorganization of the department began last month. He is Pearl H. Baker, appointed

Plenty Of Old Movies Left For Showing On Television

NEW YORK (AP) — How long will the supply of first-rate motion pictures last as first-runs on television?

Ely Landau believes there is a backlog which should last for two to three years. Landau should know. He is president of a fourth television network which has come into being as something to be reckoned with.

Everybody knows there are three TV networks. The fourth, headed by Landau, is National

Tuesday to be investigator-in-charge of the Columbus district.

The Circleville Herald Wednesday, Mar. 13, 1957
Circleville, Ohio

"Peter Pan," he says, "unless its programming costs are spread among other independent stations to present a first-rate show. That's what NTA is doing. It's a healthy competitive situation."

"I believe that feature films are now the most powerful programming on television," he says. "But the well can run dry. We have two or three years of first-rate films for TV first-runs. Then we'll have to revert to greater dependence on hour and half-hour film."

In addition to supplying feature films, NTA now has 10 TV program series in production. By fall it hopes to be offering stations five to six hours a week of programming.

Butch will undergo tests at the Columbus Psychiatric Clinic before March 29. His attorney, Gordon Bolon, requested the test in view of the man's "history of psychiatric treatment."

Judge Urges Adults Learn Youth Lingo

CINCINNATI (AP) — Juvenile Judge Benjamin Schwartz says he thinks adults must learn to understand the language of youth better because "50 children can commit burglary, but there will be 50 different reasons."

He told a civic group Tuesday night that, "for example, we do not understand their almost hysterical interest in automobiles. That interest could be channeled into constructive outlets, but it sometimes has tragic results."

Education Budget \$600,000 'Short'

COLUMBUS (AP) — The president of the State Board of Education Committee that it budget for the next two years as drawn by Gov. O'Neill is \$600,000 short of maintaining operations.

Board President Robert Manchester told the committee "We were alarmed when we found that we were \$600,000 short of maintaining our present personnel."

Second Murder Trial Faces Man

CINCINNATI (AP) — Opening arguments are planned today in the trial of Denver Powell, 46, for first degree murder.

This is the second trial for Powell, of El Centro, Calif., in the gunshot death of delicatessen operator John Schreck during a 1949 hold-up attempt. The first trial ended in a hung jury.

A three-man, nine-woman jury was sworn in Tuesday and taken to the spot where Schreck died.

Ohio CD Fund Said Too Low

COLUMBUS (AP) — A state Civil Defense official said Tuesday that Ohio has the smallest per capita appropriation for civil defense of any populous state.

The official, Thane M. Durey, deputy CD director, added that Ohio with only 17 persons employed in its state organization, has the smallest CD staff of the major states.

Durey told a hearing of the House Finance Committee that the last biennial appropriation amounted to only 1.2 cents per person. He said New York and California are spending almost 10 cents per person.

Durey urged the committee to approve the CD request for a \$399,308 for the coming two years. Gov. C. William O'Neill's budget allows \$275,210.

Auto Financing Probe Scheduled

WASHINGTON (AP) — A Senate subcommittee will open hearings Monday on abuses in car financing practices.

Sen. Monroney (D-Oklahoma), chairman of the Automobile Marketing Practices Subcommittee, said a state-by-state survey had revealed a number of points which would be explored.

He named them as "illegal and deceptive insurance charges, high and misunderstood finance charges, no-down-payment plans requiring the car buyer to mortgage his furniture or goods, 'balloon' notes in which the last payment equals many hundreds

World Today

By JAMES MARLOW
Associated Press
News Analyst

WASHINGTON (AP) — It may be time for Secretary of State Dulles to take a new look at the Polish Communist government. Months ago in a classified letter never made public he told Congress Poland now is not Soviet-dominated.

In last October's upheaval in Poland the Stalinists in control of the government were thrown out and Wladyslaw Gomulka, a Communist jailed for years as a "Titoist" by Stalin, was made boss of the Communist party.

Since then his government has shown signs — although there have been reasons for skepticism — of being independent of Moscow. And several weeks ago it sent a delegation to Washington to ask for American economic help.

Dulles' letter was sent to the House Foreign Affairs Committee weeks before the delegation arrived. Between that time and now most of his attention has been concentrated on the Middle East and getting the Israelis out of Egypt.

But on March 10 the New York Times carried a story from Warsaw which said almost all the leaders of the Stalinist faction which fought Gomulka's return to power have now been reinstated in government jobs.

As a result, the story said, there is a feeling of bewilderment in Poland over the Polish Communists' tactics. And students have posted signs asking: "Are these changes of jobs or of policy?"

There can be no doubt of the desire among Poles — 90 per cent of whom are Roman Catholic — for independence from Moscow. What isn't known is this: Was the party shift-around in October a real attempt at independence by the Polish Reds themselves or an effort to quiet the wide unrest by putting on a different face?

There can be no doubt that some of the former harsh Communist controls have been relaxed under Gomulka.

But Russian troops are still in Poland. Under a treaty with Russia, they are forbidden to move around without the Polish government's permission, but this agreement could be broken instantly if the Polish people tried to throw out the Communists altogether.

And Gomulka on Jan. 14 said Poland must veer back toward Moscow's orbit. Poland recently voted in the United Nations for a resolution condemning the United States for alleged subversive activities in Iron Curtain countries and Russia.

What does it all add up to? It adds up to these questions: Has Poland shaken off Soviet control? If so, will this last or will the pro-Russian Poles take power again?

The State Department isn't saying much. Perhaps Gomulka, with Russia breathing down his neck, has to take it easy in trying, if that's what he's doing, to lead his people further away from Moscow. He may be under great pressure.

If this is a sincere attempt at a breakaway, it would be to this country's advantage to encourage it by economic help, just as the United States' aid to Yugoslavia's Tito helped him stay independent of Moscow.

Before Congress votes any help the Eisenhower administration is going to have to say openly, one way or the other, whether it thinks Poland is now free of Soviet control.

Airliner Halted In Bomb Scare

CLEVELAND (AP) — A New York-to-Detroit airliner made an unscheduled stop here Tuesday after the TWA reservation office in New York received an anonymous telephone call warning that there might be a bomb on the plane.

The 22 passengers waited in Cleveland Hopkins Airport for more than two hours while police, postal inspectors and CAA investigators made a search of the plane. No bomb was found.

Education Budget \$600,000 'Short'

COLUMBUS (AP) — The president of the State Board of Education Committee that it budget for the next two years as drawn by Gov. O'Neill is \$600,000 short of maintaining operations.

Board President Robert Manchester told the committee "We were alarmed when we found that we were \$600,000 short of maintaining our present personnel."

The committee is holding hearings on the \$1,149,000,000 budget.

Second Murder Trial Faces Man

CINCINNATI (AP) — Opening arguments are planned today in the trial of Denver Powell, 46, for first degree murder.

This is the second trial for Powell, of El Centro, Calif., in the gunshot death of delicatessen operator John Schreck during a 1949 hold-up attempt. The first trial ended in a hung jury.

Auto Financing Probe Scheduled

WASHINGTON (AP) — A Senate subcommittee will open hearings Monday on abuses in car financing practices.

Sen. Monroney (D-Oklahoma), chairman of the Automobile Marketing Practices Subcommittee, said a state-by-state survey had revealed a number of points which would be explored.

He named them as "illegal and deceptive insurance charges, high and misunderstood finance charges, no-down-payment plans requiring the car buyer to mortgage his furniture or goods, 'balloon' notes in which the last payment equals many hundreds of dollars that must be refinanced, and re-possession abuses."

Senator Dislikes Word 'Foreign'

WASHINGTON (AP) — Sen. Humphrey (D-Minn.) has proposed changing the name of the Senate Foreign Relations committee to the Committee on International Relations.

It would be "more palatable to our friends abroad," he said.

"Even before World War II, although some people did not realize it," Humphrey added, "we had reached a point in American history where our dealings with other nations were no longer 'foreign'."

"We Americans still talk too much about our 'foreign' policy. The phrase is obsolete. It is not only obsolete, but it is disruptive. It creates suspicion."

Psychiatric Tests Awaiting Robber

COLUMBUS (AP) — Donald R. Butch, 23, of Mansfield, accused of the Feb. 1 armed robbery of the First National Bank of Mount Gilead, has been continued in federal court on a plea for psychiatric tests.

Butch will undergo tests at the Columbus Psychiatric Clinic before March 29. His attorney, Gordon Bolon, requested the test in view of the man's "history of psychiatric treatment."

Butch had been under examination at Chillicothe Veterans' Hospital. Results are incomplete.

Butch was captured and some \$14,000 in stolen funds recovered three hours after the holdup.

Judge Urges Adults Learn Youth Lingo

CINCINNATI (AP) — Juvenile Judge Benjamin Schwartz says he thinks adults must learn to understand the language of youth better because "50 children can commit burglary, but there will be 50 different reasons."

He told a civic group Tuesday night that, for example, we do not understand their almost hysterical interest in automobiles. That interest could be channeled into constructive outlets, but it sometimes has tragic results."

"Mary Haworth's Mail"

ships in which the specific problem occurs. We hope by this means to help the individual who writes; and at the same time indicate to others how to get out, or stay out, of similar trouble.

M. H.

DEAR MARY HAWORTH: The more I read your column, the more I tend to minimize my marital troubles. Your review of really big difficulties sheds light on my small trials and melts them into insignificance.

However, there are some persons who write to you, to magnify a simple fault in their spouse and view it as a catastrophe. Why will women take their husbands and tear them apart? Is it so difficult to see and appreciate their good qualities?

Do these critics expect perfection? If so, they never will be happy, because they themselves aren't perfect, being human—and like attracts like, you know.

I love my husband in spite of his faults, and I truly think he feels the same about me.

K. Y.

DEAR K. Y.: An interesting commentary. But may I say, it is entirely possible that your husband's faults aren't very major; and he may be magnanimous in bearing with yours. Thus possibly you don't deserve any special credit for feeling thankfully problem-free, as compared to women who ventilate their difficulties here—large or small, as the case may be.

So take care that you don't slip into a self-righteous, self-satisfied, superior bias, when taking stock of less fortunate creatures—who aren't as lucky, or as comfortable in their home life, as you.

You say in effect that you've grown by reading these discussions; you've acquired insight and perspective, and a way of thinking, that makes your trials manageable. Well, as a matter of fact, we purposefully try to illuminate the general area of human relation-

Driver License Fee Boost Urged

COLUMBUS (AP)—The Ohio Senate Judiciary Committee Tuesday recommended passage of a bill that would more than double fees for driver's licenses, and raise fees on other vehicular licenses.

The bill as approved would raise the driver's license fee from 75 cents to \$2, and boost motor vehicle registration fees from 25 to 40 cents.

The bill was sponsored by Sen. Lowell Fess (R-Green) who would have boosted the motor vehicle fee to 75 cents.

The bill also increases the fee for a duplicate driver's or chauffeur's license from 25 to 50 cents. It was amended to strike out a provision that would have raised the fee allowed deputy registrars from 25 to 75 cents.

22,847 Farmers Sign Up In Ohio

COLUMBUS (AP)—A total of 22,847 farmers in Ohio's commercial cornbelt will receive \$12,574,152 in soil bank benefits for not growing corn this summer, the Ohio Agricultural Stabilization and Conservation Committee says.

A quota of \$15,695,000 in benefits had been set for the state. The deadline for signing agreements in the corn acreage reserve program was Friday.

Important Item Stolen From School

YOUNGSTOWN (AP)—At McKinley Elementary School, there were signs that someone had broken in.

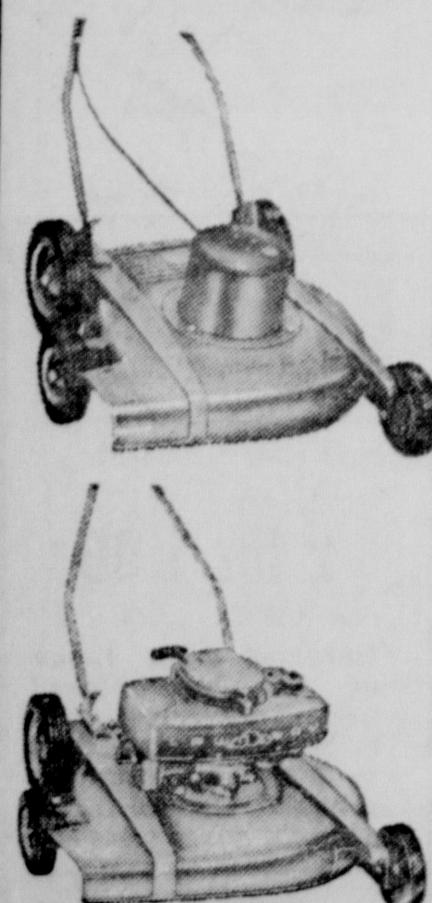

Detectives traced the act to three small boys.

Only one item had been taken from the school, and the detectives didn't succeed in recovering it.

It was the principal's paddle.

Committee Studys State's Injury Insurance Monopoly

By ART PARKS

COLUMBUS, Ohio (AP)—A vote is scheduled today on a bill to end the state's monopoly on injury insurance for Ohio's workers.

The vote will be taken in the House Insurance Committee, which decided late Tuesday to postpone its verdict 24 hours.

The bill would permit Ohio employers to buy their workers' compensation insurance from private firms. For many years, only the state has been allowed to insure against on-the-job injuries.

The measure to permit private insurance firms to enter the workers' compensation field is sponsored by Sen. Robert Taft Jr. (R-Hamilton). Organized labor is the chief opponent.

Another topflight fight in the Legislature is due to erupt tonight.

The House Commerce and Transportation Committee is scheduled to listen to arguments on a bill which would force the state Highway Department to pay the cost of relocating public utility facilities displaced by changes in the routes of state highways.

Utilities now pay for relocating their own facilities.

Opponents of the proposal contend it is a 100 million dollar-plus "grab" by the utility interests.

Rep. D. O. Taber (R-Gallia) claims the backing of the administration of Gov. C. William O'Neill for his bill to bar utility lines from highway rights-of-way.

The two proposals appear to be about as far apart as possible in the philosophy of administering public affairs.

The Senate earlier passed and sent to the House by a 33-0 vote a bill to require 178 days of five hours each as the minimum school year which any Ohio district can offer. House approval seems likely.

Present law provides a 180-day school year, but makes allowances for legal holidays. The 178-day bill allows no holidays, but provides two free days a year for teacher workshops.

The House Health Committee virtually killed a proposal to create a state board of chiropractic examiners to regulate the practice and license practitioners.

Minister Accused Of Murdering Wife

MOUND CITY, Ill. (AP)—A charge of murder was filed Tuesday against a Negro minister accused of killing his wife a few hours before he gave a Sunday sermon.

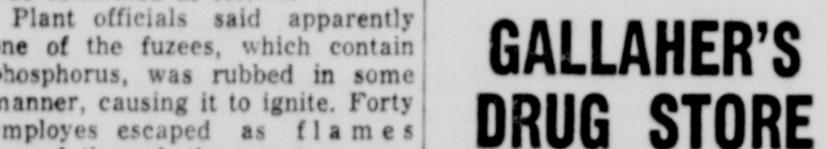

The Rev. Perry B. Lewis, 56, was picked up Monday night in East St. Louis, where authorities said he fled to avoid arrest.

Police reported Lewis orally admitted shooting his wife, Birdie Roe, 58, because he found her with another man in their home in Mound City.

Fuzees Cause Fostoria Fire

FOSTORIA (AP)—The American Railway Signal Co. plant was destroyed Tuesday by a fire that started on a fuze (railroad warning signal) capping table. The loss was estimated at \$50,000.

Plant officials said apparently one of the fuses, which contain phosphorus, was rubbed in some manner, causing it to ignite. Forty employees escaped as flames spread through the one-story, concrete block building.

School Bus Fund Action Approved

COLUMBUS (AP)—Ohio's state board of education Tuesday approved payments totaling \$604,348 from the school bus depreciation fund to school districts; approved building aid grants of \$225,000 to Mount Orab District, Brown County, and \$259,000 to Winsburg Local, Summit County; and rejected an appeal from Paint Valley, Ross County, for \$50,000 in addition to \$448,000 reserved for a building project.

A later section of the constitution, he points out, requires that each Ohio county shall have at least one common pleas judge. The section he wants to repeal was adopted in the early days of the state when several counties shared the services of a single judge.

The board also approved annexation of about 329 acres from the Ross Local School District in Butler County to the city of Hamilton for school purposes.

Solon Amazed By Size Of Government

WASHINGTON (AP)—Sen. Frank J. Lausche (D-Ohio) says the federal government is so big "I'd have to be 20 Lausches to keep up with what is going on."

Even then, he told an Ohio Farm Bureau delegation, "I doubt that I could do it."

Lausche spoke to farmers here on a three-day trip to discuss corn acreage programs with Ohio congressmen. The farmers also talked with Secretary of Agriculture Benson and heard Sen. John W.

Bricker (R-Ohio) discuss atomic energy uses on the farm.

Lausche said he is opposed to a five million dollar appropriation sought by the administration to help finance the Pan American Games in Cleveland in 1959.

President Eisenhower, he said, has been "begging" people to "dispense building things that are not essential."

But "up in Cleveland, the newspapers are crushing me" for opposing the Pan American appropriation, Lausche declared.

Did Adm. Richard Byrd Die A Dissappointed Explorer?

Editor's Note: Saul Pett, Associated Press staff writer, accompanied Rear Adm. Richard E. Byrd to the Antarctic in 1955-56. Here are some of Pett's observations of the famed explorer who died Monday.

By SAUL PETT

NEW YORK (AP) — Despite the glory he had won at both ends of the earth, it is probable that Richard Evelyn Byrd died a disappointed man.

He was the first to fly over the North Pole and first over the South Pole. He had hoped to be the first man in history to land a plane at the South Pole high on the forbidding, windswept plateau deep in the Antarctic interior. He wasn't.

Illness prevented the gaunt admiral from making his sixth trip to the white continent on the expedition recently concluded. It was during this expedition — the first major American expedition that he had missed — that a plane

set its skis down for the first time on the geographic pole.

This writer came to know the veteran explorer intimately during the 1955-56 phase of Operation Deep Freeze. It is my impression that if he had had a choice, Byrd would have preferred to die in the Antarctic, among the icy wastes he called his "second home," where he had opened up more unknown territory to exploration than any other single American.

In the tradition of great explorers, Byrd was an eternally fearless and restless man. This abiding curiosity to peek behind the curtains of the unknown, this drive to be the first to walk or fly where no man had ever walked or flown before, gave him an amazing stamina.

He made his last voyage to the Antarctic late in 1955 at the age of 67. He set sail three weeks after undergoing a major operation in the United States. And it was on this trip that he flew for the third time over the pole and also

The Circleville Herald Wednesday, Mar. 13, 1957 5
Circleville, Ohio

other kindnesses long after they sailed with him.

To his last days, Byrd was a flyer who knew the sound of plane engines the way a mother can detect illness in a baby's cry. I recall that taking off from a tiny coral atoll in the Pacific called Canton, we were sitting together as the plane began to move down the runway.

"I don't like the sound of that number four engine," he observed quietly. Sure enough, a few seconds later, the plane captain didn't like it either and halfway down the runway he braked his ship. We spent the next two hours getting number four engine repaired.

A man of moods, the admiral could be counted on to brighten up the minute he stepped from a gangplank onto Antarctic ice. Revisiting the site of his earliest camps on the desolate, frozen plain of Little America, he stamped in the snow, eyes aglow, saying, "Isn't this something? What do you think of this plain? You know I am the mayor here."

He was a warm man beloved by his shipmates. There were many he helped with money and

Local Druggist Receives Trophy
Norman E. Kutler of Circleville Drugs, 114 N. Court St., is one of the nation's first Rexall druggists to receive the new Mortar and Pestle Trophy, presented by the Rexall Drug Company as an annual award to outstanding member-druggists.

The award is an authentic replica of a 16th Century bronze mortar and pestle cast at Deventer, The Netherlands, in 1550. It was presented to Kutler by a representative of the firm, C. W. Devere.

The historical mortar and pestle, still an important implement in the druggist's profession, is an ancient symbol of pharmacy. Its use for pulverizing medicinal herbs is recorded in the histories of ancient Egyptians, Hebrews of Biblical times and the Roman era.

nel training, health and safety, industrial development, and research. Among those expected to attend are Gov. C. William O'Neill, and E. E. Fowler, representing the Atomic Energy Commission.

A-Energy Advisers Slated For Parley

COLUMBUS (AP) — Some 65 members of the governor's Advisory Council on Atomic Energy gather here Friday to hear reports from several of the council's study groups.

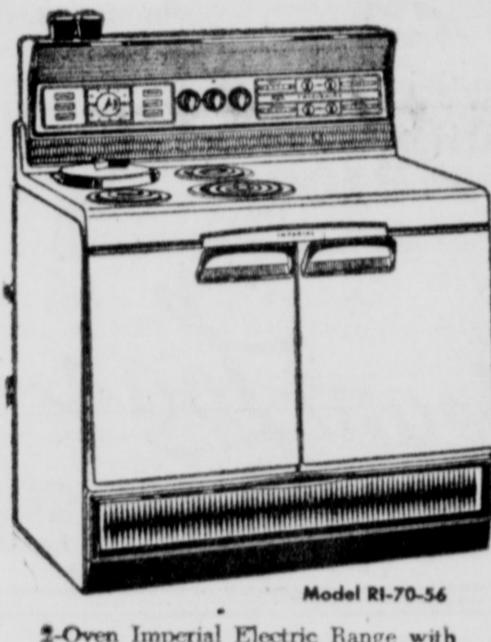

Submitting reports will be study groups on agriculture, compensation and insurance, control and regulation, education and person-

It's Time To Think Of Spring

NEW Spring Styles

IN SUITS FOR MEN

Rapid Progress Of Atomic Power

A working partnership of government and private enterprise will produce nuclear power reactors so efficient, within five years, they will compete in operation cost with coal-fired plants. This is the prediction of Maj. Gen. Kenneth D. Nichols, former general manager of the Atomic Energy Commission and now consultant on atomic power.

General Nichols, who spoke at a public meeting sponsored by the Engineering Society of Detroit, declared the development of large, commercial-scale power reactors "never got off dead center" when the task was assigned to the AEC. Only when the Atomic Energy Act was revised in 1954, to permit participation by private enterprise, did it begin to take form, he said.

In addition to rapid progress in developing nuclear power, General Nichols said safety safeguards have been developed to make the erection of plants in thickly populated areas safe and practical.

"I would not mind having it built within 1,000 feet of my home," he said of the Enrico Fermi reactor being built near Mon-

Mulling Through The Mail

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

That the phrase "red tape"—meaning the annoying delays of officialdom—arose in the 19th century in England, where government and legal documents were tied with a pink-red tape.

That Maine is the only state in the Union which adjoins only one other state.

That a honeybee can vibrate its wings 440 times a second, or 26,400 times a minute and that's some buzzin', cousin!

That Black Sea isn't black. It gets its name because of the dense fog and violent storms that darken the area.

That the "monkey wrench" got its name from its inventor, Charles Moncke, a London blacksmith.

That Mort Abraham, a TV producer, relaxes with a hobby that would tie most of us in

rope, Mich., with a rated capacity of 100,000 kilowatts—sufficient to supply a city of 250,000 population.

If nuclear power is to compete with that produced from fossil fuels, reactors must be built in populous areas to cut transmission costs, he said. That's the reason for building demonstration reactors on the Hudson near New York City and at Shippingport, Pa., near Pittsburgh.

General Nichols denied that the power reactor demonstration program has been slowed by imminence of more efficient thermonuclear reactors. With several more years needed to prove that electricity can be produced economically from atomic fission, he estimated at least 20 years would be required for practical application of nuclear fusion, and the country cannot wait for it.

"We have not proved yet that it can be done," he added.

Cities putting in "freeways" at a cost of \$8 million a mile may question the nomenclature.

By Hal Boyle

knots; he studies the theories of Einstein.

That U. S. government publications, which usually bear titles as long-winded as a marathon runner, now include a booklet that is simply called "beer". Wonder what in the world it could be about?

That Arthur Murray says to learn to dance the cha-cha all you have to do is wave goodbye without using your hands.

That sportscaster Mel Allen was so studious as a lad he entered the University of Alabama at 15.

That bees usually fly in a straighter line than crows. So, if you're in a real hurry, you'll get there faster by "making a bee-line" than by going "as the crow flies."

The surreal painter Salvador Dali's latest brainstorm is an art form he says is based on the patterns made by electrons and neutrons during atomic experiments.

That actor Walter Slezak

gives this appraisal of most modern art: "It can't be as bad as it's painted."

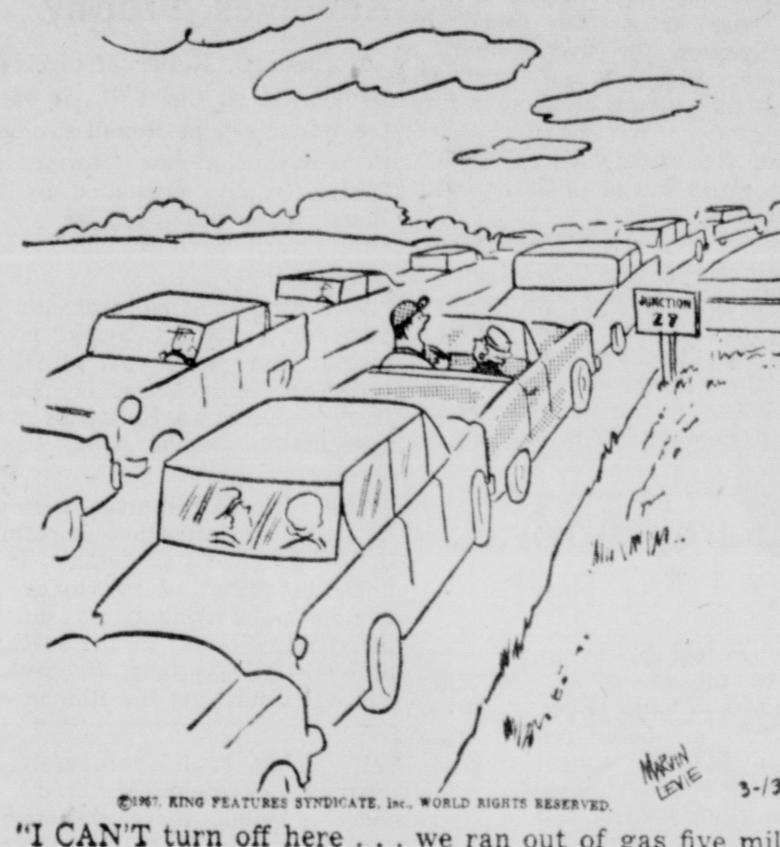

That you are a born poet if, offhand, you can think up words that rhyme with office, cobra or awkward. (All right, then, take all day.)

That the question most often asked last year by 1,400,000 visitors to the Empire State Building's observatory was, "How much does the building sway in a storm?" A check by a gyroscopic shows the top of the 460,000-ton structure never moves more than one-fourth inch off center.

That some sleepless fellow in Australia has figured out his country now has 139 million sheep.

That it was Sophie Tucker who observed: "From birth to age 18, a girl needs good parents. From 18 to 35, she needs good looks. From 35 to 55, she needs a good personality. From 55 on, she needs good cash."

LAFF-A-DAY

Try and Stop Me

By BENNETT CERF

ALL HECK BROKE LOOSE in the little town of Winder, Georgia, one day last spring when Lucy, a big elephant, broke loose from a traveling circus. With the help of most of the local population, Lucy finally was cornered in a barn and chained up. Lucy fell in love with her captor, however. Every time he walked away, she broke the chain and stomped after him.

Police and zoo officials from Atlanta then arrived to take charge. A truck was backed up to Lucy with the rear door wide open, and patrol car drove behind her to urge her into the truck. The siren's shrill sound brought prompt results.

Lucy flapped her huge ears, and instead of lumbering into the truck, she went into reverse, knocking the patrol car into a pine tree.

Lucy finally walked into the truck of her own accord. The patrol car, however, will never be the same.

Looking Back In Pickaway County

By George Sokolsky

turn to the USSR from tours abroad."

Out of this discussion, two trends appear: one, that the Jew, individualistic and idealistic, found life under materialistic Communism too burdensome and found means for revolting against the worst phases of it; secondly, that under Stalin, Soviet Russia reverted to pan-Slavic chauvinism and that Stalin abused those minority nationalities, which he could not wipe out, by destroying their distinctive cultures. This has been a Russian problem since the Grand Duchy of Muscovy began to expand by absorbing large non-Russian populations.

Mac Noggin headed a committee here to plan for Pickaway County's part in the 1953 celebration of Ohio's 150th year of statehood.

W. E. Clark, Circleville Township, left for a business trip to Cincinnati.

TEN YEARS AGO

Although heavy absenteeism caused by severe colds, scarlet fever and chicken pox made it necessary to temporarily close schools in several sections of Ohio, all schools in Circleville and Pickaway County were operating normally.

Bingo enthusiasts here were happy to learn that the Ohio senate "killed" an anti-bingo bill by a 6-2 vote.

Mr. and Mrs. Harold R. Hott, N. Court St., returned from a mid-winter vacation spent in Florida.

TWENTY-FIVE YEARS AGO

Dr. Edmund S. Soper, president of Ohio Wesleyan University, Delaware, was selected to deliver the address at Circleville High School's June commencement.

"The Hatchet Man", starring Edward G. Robinson and Loretta Young, was playing at the Clifton theater.

Nelson Doan of Wittenberg Col-

lege, Springfield, spent the weekend with relatives in Circleville.

They are Irvin Gebhart of near Germantown, Montgomery County, and E. J. Keirns of Bloomville, Seneca County. Both are 41.

DROODLES

By ROGER PRICE

"MASK FOR MARTIAN BANK ROBBER"

I've got good news for you Science Fiction fans who've been wondering what happened to your favorite hero, Captain Doodie, Space Bum. Cap't D. is here on Earth as a Good Will Ambassador and Sales Representatives for a new Breakfast Cereal called Green Flakes. They're made up on Mars by the Glyndyox Co. and besides containing Whole Wheat, Prometheus they're also toasted by Beta Rays and shot out of Cyclotron Guns. Unlike old-fashioned cereals that snap, crackle and pop, Green Flakes emit a low frequency hum when you pour cream or milk over them thousands of vitamin enriched electrons. So hurry! Tell your grocer to order Green Flakes in the handy lead container. And remember the slogan of the Green Flakes Folks— "Our product is untouched by Martian Tentacles."

New Portsmouth Cop Chief Only 32

PORSCMOUTH (P)—Robert Edwards, 32, was recommended today as Portsmouth's next police chief. He would succeed Acting Chief Albert Bailey.

Edwards, a police lieutenant for the last three years, was certified by the Civil Service Commission as attaining the highest score on an examination taken by four other lieutenants and Bailey.

Acting City Manager Charles S. Stevenson is expected to appoint Edwards as chief. Bailey had replaced Hugh Rudity, who retired in mid-December.

2 State Fair Aides Selected

COLUMBUS (P)—Appointment of two assistant State Fair managers has been announced by Dr. James R. Hay, state agriculture director.

They are Irvin Gebhart of near Germantown, Montgomery County, and E. J. Keirns of Bloomingville, Seneca County. Both are 41.

Members Of Circleville Chapter OES Hold Meet

Degrees Conferred During Session

The regular meeting of Circleville Chapter No. 90, Order of the Eastern Star was held Tuesday evening in Masonic Temple.

During the business session, conducted by Mrs. Clarence Radcliffe, Worthy Matron, invitations were read to the following inspections:

Purity Chapter of New Holland, March 20, Mrs. Marjorie Kuntzman, Deputy Grand Matron, District 23, Inspecting Officer; Evergreen Chapter of Adelphia-March 22, Mrs. Kuntzman, Inspecting Officer; Royal Chapter of Washington C. H.-March 29, Mrs. Kuntzman, Inspecting Officer; Ohio Chapter of Cincinnati-April 6, The home Chapter of Mrs. Martha Newell, Worthy Grand Matron of the Grand Chapter of Ohio, Order of Eastern Star; Mr. Ward Ramseyer, Worthy Grand Patron of Ohio will be the Inspecting Officer.

Mrs. Radcliffe appointed Mr. Radcliffe, Mr. Kenneth Shepler, Mrs. Willard Foreman, Mrs. John Evans and Miss Emma Tennant to serve on the committee to purchase new Star Point Pedestals to be used in the Chapter room.

Mrs. George Kuhn, chairman of the ways and means committee, announced plans for a rummage sale, to be held April 12 and 13. Degrees were conferred on four candidates.

Mr. and Mrs. Dave Horn and Mrs. Charles Gray were appointed by Mrs. Radcliffe to serve as Courtesy Sisters and Brother to the new members.

Mrs. Dick Robinson was soloist for the evening. She was accompanied at the piano by Mrs. Arthur Swanson.

Mrs. John Wood and her committee served refreshments following the meeting. A St. Patrick theme was used in the table decorations.

Initiation will highlight the next meeting, which will be March 26. The officers will serve refreshments at that meeting.

The orchid, worn by Mrs. Radcliffe at the Tuesday meeting, belonged to Mrs. W. B. Cady who received it when she and Mr. Cady were entertained in the home of Mr. and Mrs. Chester Fausnaugh in honor of their golden wedding anniversary.

Women Need Four Kinds Of Gloves

Did you ever stop to consider how essential gloves are to beauty? They certainly are. There are at least four kinds of gloves a woman needs to keep her hands looking pretty.

First there are work gloves, absolutely necessary to keep hands out of water, harsh cleaning fluids and other hand-on-hand liquids.

Working gloves are prettier than they used to be, too.

One company, for example, has just brought out latex gloves that fit snugly, come in a two-tone combination of pink with gray or in solid shades of lemon, apricot and sky blue. Serrated palms and fingers give them skidproof grip, enable you to pick up tiny objects easily. To catch drippings, there are cuffs.

It is easy to work while wearing these gloves, so that takes care of the complaint that work gloves are wonderful protection but who can do anything when wearing them?

The second type of gloves that comes to mind is the gardening type. They are necessary for women who like planting and digging. Dirt does nothing to keep hands smooth and pretty or nails nicely groomed. Keep out of it by wearing gloves when you garden.

Third, there are cotton gloves to wear when you are giving hands an overnight creaming treatment. They keep the cream where it belongs—on hands and off pillowcases and sheets.

Fourth, there are dress gloves, the kind no lady is ever without if she wants to look her best when she is all dolled up and ready to go places.

In cold weather, dress gloves serve more than a fashion purpose. They protect hands from cold, skin-roughening winds, too.

"MONK'S CLOTH" TWEED fashions this dress and jacket in pale beige from Nettie Rosenstein's collection. The beltless dress is self-fabric banded at the scalloped neckline, with short sleeves and high bosom. The double-breasted jacket is notched at the hemline for a shorter-in-front look.

20 Attend Meet Of Ladies Aid At EUB Church

Twelve members and eight guests attended the latest meeting of the Ladies Aid of Morris Evangelical United Brethren Church.

The session opened with the group singing several hymns.

The Rev. Fred Ketner read the 11th chapter of Luke, and gave a short talk on the chapter. He closed with prayer.

President, Mrs. Carl Anderson had charge of the business meeting. She announced that the group received an invitation from the Salem Church to attend a session April 4.

The program was presented by Mrs. Ida Leist. She read the 147th Psalm and Mrs. Helen Pontius read "Light of Faith."

Readings were given by Mrs. Bessie Allen, Mrs. Roy Strawser and Maxine Poling. Dortha Anderson presented a solo.

The meeting closed with the repeating of "The Lord's Prayer."

Household Hints

Romaine lettuce is sometimes called Cos. By any name, it is a green that has crisp attractive green leaves with more flavor than the ubiquitous iceberg lettuce.

Cut bologna into cubes and skewer broil, basting with a barbecue sauce.

Take your choice of accompaniments for smoked tongue: serve a raisin, cherry, mustard, horseradish or tomato sauce with the meat.

When a cake has a sticky top crust, the defect may be due to too much sugar or insufficient baking.

If you use fruit in the first part of a meal, do not use a dessert featuring fruit.

St. Patrick's Day Inspires Blazer

It is a great day for the Irish, and a great day to give the small fry a thrill with the wearin' of the green.

Since spring is a signal to the home seamstress to unfurl her sewing machine, a gay way to start is by stitching up a St. Patrick's blazer for your favorite youngster.

Easy to make and fun to wear is a felt jacket that can be worn proudly on St. Patrick's Day and that will do duty on many chilly days of early spring. Local sewing center experts suggest a green felt blazer appliqued with white felt shamrocks and trimmed with white bias binding. Choose a standard pattern for jacket that may be adapted for either a boy or a girl, and make your own pattern for the shamrocks.

Less than $\frac{1}{4}$ yard of 72-inch felt is needed to make the jacket. The inch rulers printed on the pattern piece make sleeve and length adjustments easy and accurate. And a felt jacket is a breeze to make.

Turn leftover dough into PINWHEELS
GOTHE'S EVENING SHEATH in blue mist peau de soie, is embroidered with blue bugle beads and rhinestones. The smooth bodice rises over a pleated bosom. Back tubular panels fall in full contrast to the slim skirt.

So easy! Just roll out dough. Spread with Arbuckle's Brown Sugar. Dot with butter. Roll up, cut in thin slices and bake!

ARBUCKLE'S
super-soft
DARK BROWN SUGAR

make, since it needs no seam patches, applique these before sewing up the seam on the sleeves.

If you do not want to go all-out on the Irish motif, you can use other decorations for the blazer; transfer patterns in the pattern envelope offer a choice of a fleur-de-lis, a pine tree or a heart—all decorative applique designs to brighten up a smart and practical jacket. In the case of the elbow

patches, applique these before sewing up the seam on the sleeves.

When appliqueing the shamrocks, use a close satin stitch on your automatic swing-needle sewing machine or your automatic zig-zagger attachment. Remember to leave a generous margin when cutting the applique, and apply the shamrocks on the pockets before stitching pockets to jacket. In the case of the elbow

patches, applique these before sewing up the seam on the sleeves.

If you do not want to go all-out on the Irish motif, you can use other decorations for the blazer; transfer patterns in the pattern envelope offer a choice of a fleur-de-lis, a pine tree or a heart—all decorative applique designs to brighten up a smart and practical jacket. Members Of Circleville Chapter OES Hold Meet

Degrees Conferred During Session

The regular meeting of Circleville Chapter No. 90, Order of the Eastern Star was held Tuesday evening in Masonic Temple.

During the business session, conducted by Mrs. Clarence Radcliffe, Worthy Matron, invitations were read to the following inspections:

Purity Chapter of New Holland-March 20, Mrs. Marjorie Kuntzman, Deputy Grand Matron, District 23, Inspecting Officer; Evergreen Chapter of Adelphia-March 22, Mrs. Kuntzman, Inspecting Officer; Royal Chapter of Washington C. H.-March 29, Mrs. Kuntzman, Inspecting Officer; Ohio Chapter of Cincinnati-April 6, The home Chapter of Mrs. Martha Nevel, Worthy Grand Matron of the Grand Chapter of Ohio, Order of Stern Star, Mr. Ward Ramseyer, Worthy Grand Patron of Ohio will be the inspecting Officer.

Mrs. Radcliffe appointed Mr. Radcliffe, Mr. Kenneth Sheperd, Mrs. Willard Foreman, Mrs. John Evans and Miss Emma Tennant to serve on the committee to purchase new Star Point Pedestals to be used in the Chapter room.

Mrs. George Kuhn, chairman of the ways and means committee, announced plans for a rummage sale, to be held April 12 and 13.

Degrees were conferred on four candidates.

Mr. and Mrs. Dave Horn and Mrs. Charles Gray were appointed by Mrs. Radcliffe to serve as Courtesy Sisters and Brother to the new members.

Mrs. Dick Robinson was soloist for the evening. She was accompanied at the piano by Mrs. Arthur Arthur.

Mrs. John Wood and her committee served refreshments following the meeting. A St. Patrick theme was used in the table decorations.

Initiation will highlight the next meeting, which will be March 26. The officers will serve refreshments at that meeting.

The orchid, worn by Mrs. Radcliffe at the Tuesday meeting, belonged to Mrs. W. B. Cady who received it when she and Mr. Cady were entertained in the home of Mr. and Mrs. Chester Fausnaugh in honor of their golden wedding anniversary.

Women Need Four Kinds Of Gloves

Did you ever stop to consider how essential gloves are to beauty? They certainly are. There are at least four kinds of gloves a woman needs to keep her hands looking pretty.

First there are work gloves, absolutely necessary to keep hands out of water, harsh cleaning fluids and other hard-on-hand liquids.

Working gloves are prettier than they used to be, too.

One company, for example, has just brought out latex gloves that fit snugly, come in a two-tone combination of pink with gray or in solid shades of lemon, apricot and sky blue. Serrated palms and fingers give them skidproof grip, enable you to pick up tiny objects easily. To catch drippings, there are cuffs.

It is easy to work while wearing these gloves, so that takes care of the complaint that work gloves are wonderful protection but who can do anything when wearing them?

The second type of gloves that comes to mind is the gardening type. They are necessary for women who like planting and digging. Dirt does nothing to keep hands smooth and pretty or nails nicely groomed. Keep out of it by wearing gloves when you garden. Third, there are cotton gloves to wear when you are giving hands an overnight creaming treatment. They keep the cream where it belongs—on hands and off pillowcases and sheets.

Fourth, there are dress gloves, the kind no lady is ever without if she wants to look her best when she is all dolled up and ready to go places.

In cold weather, dress gloves serve more than a fashion purpose. They protect hands from cold, skin-roughening winds, too.

"MONK'S CLOTH" TWEED fashions this dress and jacket in pale beige from Nettie Rosenstein's collection. The beltless dress is self-fabric banded at the scalloped neckline, with short sleeves and high bosom. The double-breasted jacket is notched at the hemline for a shorter-in-front look.

20 Attend Meet Of Ladies Aid At EUB Church

Twelve members and eight guests attended the latest meeting of the Ladies Aid of Morris Evangelical United Brethren Church.

The session opened with the group singing several hymns.

The Rev. Fred Kerner read the 11th chapter of Luke, and gave a short talk on the chapter. He closed with prayer.

President, Mrs. Carl Anderson had charge of the business meeting. She announced that the group had received an invitation from the Salem Church to attend a session April 4.

The program was presented by Mrs. Ida Leist. She read the 147th Psalm and Mrs. Helen Pontius read "Light of Faith."

Dorcas Pathfinder Class Conducts March Meeting

The Dorcas Pathfinder Class of the Calvary EUB Church met in the church for their March meeting.

Mrs. Grace Swank chose for the scripture reading the 17th chapter of John and led the devotions.

The secretary read the minutes and gave the treasurer's report.

Funds were allocated for several gifts from the class, and there followed discussion on the progress of the Lower Lane Mission construction.

Two letters from German families were read. These were in thanks and appreciation for gifts of clothing and food received, and for care packages sent by the group.

The class voted to assist in buying highway markers pointing attention and location of our church to travelers.

At the close of the business session, plans were made for next month's meeting, which will be

Mrs. Alan Hubbell Feted At Shower In Raymond Home

A bridal shower was held for Mrs. Alan Hubbell of Dunmore Rd. Hostesses for the occasion were Mrs. Sally Raymond and Mrs. Janice Glitt, in the former's home on Eastmore Ave.

The table was decorated with a large bride doll and surrounded by white streamers.

During the games, prizes were won by Mrs. Margaret Glitt and Mrs. Beverly Smith.

Those attending the shower were: Miss Beverly Knecht, Mrs. Martha York, Mrs. Janice Glitt, Mrs. Pat Anderson, Mrs. Marjorie Edgington, Mrs. Louise Glitt, Mrs. Betty Dowler, Mrs. Margaret Glitt, Mrs. Janet Emerine, Mrs. Sally Raymond, Mrs. Beverly Smith and the honored guest, Mrs. Hubbell.

Gifts were sent by: Mrs. Rosa Glitt, Mrs. Helene Glitt, Mrs. Deloris Bennington, Mrs. Helen Goheen, Mrs. Bernice Glitt and Miss Bonnie Ramey.

Winifred Locke To Be Bride Of Mr. Carl O'Hara

Mr. and Mrs. John Locke of 22 E. Fifth St., Chillicothe, are announcing the engagement of their daughter, Winifred Jean, to Mr. Carl O'Hara, son of Mr. and Mrs. George O'Hara of Laurelvile Route 1.

Miss Locke is a senior at Chillicothe High School.

Mr. O'Hara was graduated from Salter Creek Township High School in 1953. He is employed by the Fred H. Brewer Company of Lancaster. The wedding will be an event of June.

finger on the pastry rim, then pinch the dough together using the thumb and index finger of your other hand.

When you add ginger ale to a fruit drink, do it before serving and stir lightly so as not to dissipate the carbonation.

Brown sugar ranges in color from yellow to dark brown—the darkest color has the most pronounced flavor.

Nice topping for muffins: brown sugar mixed with nutmeg. Sprinkle the muffin batter with the topping before baking.

When a cake has a sticky top crust, the defect may be due to too much sugar or insufficient baking.

If you use fruit in the first part of a meal, do not use a dessert featuring fruit.

How to flute pie pastry? After lining the pan, press your index

Costumes were judged with Mrs. Harry Sharrett winning the prize for the prettiest and Mrs. Boldoser won for the funniest. The pictures will be shown at the next meeting.

Refreshments were served to 16 members and 13 guests by Mrs. Lester Taylor, Mrs. Robert Arledge and Mrs. Eugene Patrick.

St. Patrick's Day Inspires Blazer

It is a great day for the Irish, and a great day to give the small a thrill with the wear of the green.

Since spring is a signal to the home seamstress to unfurl her sewing machine, a gay way to start is by stitching up a St. Patrick's blazer for your favorite youngster.

Easy to make and fun to wear is a felt jacket that can be worn proudly on St. Patrick's Day and that will do duty on many chilly days of early spring. Local sewing center experts suggest a green felt blazer applied with white felt shamrocks and trimmed with white bias binding. Choose a standard pattern for a jacket that may be adapted for either a boy or a girl, and make your own pattern for the shamrocks.

Less than 3/4 yard of 72-inch felt is needed to make the jacket. The inch rulers printed on the pattern piece make sleeve and length adjustments easy and accurate. And a felt jacket is a breeze to

make, since it needs no seam patches, applique these before sewing up the seam on the sleeves.

When appliqueing the shamrocks, use a close satin stitch on your automatic swing-needle sewing machine or your automatic zigzag attachment. Remember to leave a generous margin when cutting the applique, and apply the shamrocks on the pockets before stitching pockets to jacket. In the case of the elbow

patches, applique these before sewing up the seam on the sleeves.

If you do not want to go all-out on the Irish motif, you can use other decorations for the blazer; transfer patterns in the pattern envelope offer a choice of a fleur-de-lis, a pine tree or a heart—all decorative applique designs to brighten up a smart and practical jacket.

E. E. Holt Set To Take Up Duties As Education Chief

COLUMBUS, Ohio (AP)—Edward Holt is ready to take over as Ohio's new superintendent of public instruction as soon as legislators:

1. Set his salary.
2. Fix his term of office.

Holt, 55-year-old school superintendent at Springfield, was hired as state superintendent Tuesday by the State Board of Education. The board did not say when Holt would step into the new job. The General Assembly will have to

set his salary and term of office first.

A bill to set the salary at \$25,000 a year is in the Legislature. Members of the Senate Education and Health Committee passed the measure 8-0 Tuesday and tacked on an emergency provision to make it effective the moment it is signed by the governor.

Charlton Myers, chairman of the board committee that selected Holt as superintendent, said the superintendent must be a qualified elector of Ohio, and that the

Holt, said it was his understanding "a definite term may soon be fixed by Legislature."

Holt is the second superintendent named by the 14-month-old board. Harold Vincent, superintendent of Milwaukee schools, withdrew last month. Vincent's withdrawal came after the attorney general ruled informally the

superintendent must be a qualified elector of Ohio, and that the board could not legally set the superintendent's salary. Vincent was not a qualified Ohio elector. In naming Holt to the post, the board said it needed his "able, courageous and experienced leadership."

Holt, a native of Adams County, became Springfield superintendent in 1948.

His career in school affairs began in 1921 as a teacher in the

Eagle Township schools in Brown County. He later became a teacher and executive head of schools in Higginsport. He served as superintendent of Georgetown schools from 1925-1932 and worked in Hillsboro and Marion before moving to Springfield.

Holt received his bachelor of arts degree from Wilmington College and his masters degree from Miami of Ohio.

E. E. Holt Set To Take Up Duties As Education Chief

COLUMBUS, Ohio (AP)—Edward Holt, 55-year-old school superintendent at Springfield, was hired as state superintendent Tuesday by the State Board of Education. The board did not say when Holt would step into the new job. The General Assembly will have to set his salary and term of office first.

A bill to set the salary at \$25,000 a year is in the Legislature. Members of the Senate Education and Health Committee passed the measure 8-0 Tuesday and tacked on an emergency provision to make it effective the moment it is signed by the governor.

Charlton Myers, chairman of the board committee that selected Holt, said it was his understanding "a definite term may soon be fixed by Legislature."

Holt is the second superintendent named by the 14-month-old board. Harold Vincent, superintendent of Milwaukee schools, withdrew last month. Vincent's withdrawal came after the attorney general ruled informally that the superintendent must be a qualified elector of Ohio, and that the

board could not legally set the superintendent's salary. Vincent was not a qualified Ohio elector.

In naming Holt to the post, the board said it needed his "able, courageous and experienced leadership."

Holt, a native of Adams County, became Springfield superintendent in 1948.

His career in school affairs began in 1921 as a teacher in the

Eagle Township schools in Brown County. He later became a teacher and executive head of schools in Higginsport. He served as superintendent of Georgetown schools from 1925-1932 and worked in Hillsboro and Marion before moving to Springfield.

Holt received his bachelor of arts degree from Wilmington College and his masters degree from Miami of Ohio.

North Carolina Set To Resume War In NCAA

Yale Takes Licking From No. 1 Outfit; Little Canisius Next

By THE ASSOCIATED PRESS
Powerful North Carolina was on its way to Philadelphia today to resume the hectic NCAA basketball tournament struggle and boasting a 28-0 record that dangerous little Canisius College would love to smash.

The Tar Heels, the nation's No. 1 team, turned on the gas in the second half Tuesday night to thump Yale's Ivy League champions in the first round of the Eastern NCAA regionals at New York 90-74.

Canisius, of Buffalo, N.Y., humbled West Virginia, the Southern Conference champs, 64-56. Syracuse marched past Connecticut 82-76 in other games on the Madison Square Garden triple-header. At Columbus, Ohio, Notre Dame racked up its 10th straight victory by clipping Miami (Ohio) 89-77, while the Pittsburgh Panthers took a last-gasp verdict from Morehead (Ky.) 86-85 in the Midwest regionals.

One contest was played in the West regional, with Oklahoma City University trouncing Loyola of New Orleans 76-55 at Oklahoma City.

This completed a field of 16 teams for the next phase of the annual college scramble Friday night. The Friday winners tangle Saturday, with four teams surviving for the semifinals and finals at Kansas City March 22 and 23. Here's the pairings for Friday: Philadelphia, East regionals — Lafayette (22-3) vs. Syracuse (17-6) and North Carolina (28-0) vs. Canisius (21-5).

Lexington, Midwest regionals — Kentucky (22-4) vs. Pitt (16-9) and Notre Dame (19-7) vs. Michigan State (15-7).

Dallas, West regionals — St. Louis (19-7) vs. Oklahoma City (18-8) and Kansas (21-2) vs. Southern Methodist (21-3).

Corvallis, Far West regionals — Brigham Young (18-8) vs. California (20-4) and Idaho State (25-2) vs. San Francisco (18-6).

Meanwhile, the NAIA Tournament at Kansas City enters the second round with 16 teams headed by top-seeded Pacific Lutheran still alive.

First-round play was completed Tuesday with Pacific Lutheran downing Elon 76-61.

The NCAA small college tournament quarterfinals get under way today at Evansville, Ind., with eight teams in action, starting with Mount St. Mary's (Md.) and Rider (N.J.) at 1:30 p.m. CST. San Diego State and Los Angeles state meet in the other afternoon game. In the evening, South Dakota meets Wheaton and Buffalo (N.Y.) Univ. plays Kentucky Wesleyan.

Hamilton Catholic Cage Coach Quits

HAMILTON (W.D.) — Joe Idefredo, head basketball coach at Hamilton Catholic High School for the last four years, has resigned to join the coaching staff at St. Joseph College of Indiana.

Idefredo, who plans to report Monday, will be head baseball coach, freshman basketball and assistant football coach at the Hoosier school.

AGE-OLD PROBLEM - - - By Alan Mauer

Indians Refuse To Concede Anything To Mighty Yanks

By THE ASSOCIATED PRESS

The Cleveland Indians refuse to subscribe to the popular belief that the New York Yankees only have to show up to win the American League race again.

When asked the other day if maybe he didn't think the Yanks would win the pennant, rookie Manager Kerby Farrell barked: "I do not. I concede the Yanks nothing. They have to beat us to win it and you can bet we'll give them a fight."

Farrell has no worries about his front-line pitchers. Three of them loosened up in Tuesday's 8-1 victory over the Chicago Cubs at Tucson, Ariz. Bob Lemon gave up

one hit in the first three innings. Then Art Houtteman yielded three in the middle three and Don Mossi held the Cubs to two in the final three.

The Pittsburgh Pirates, always hot during the exhibition season, won their fourth game without a defeat by turning back the Cincinnati Redlegs 6-4, at Tampa. Philadelphia and Boston each broke into the win column, the Phillies licking the Washington Senators 4-2 at Clearwater and the Red Sox defeating the Yanks 1-0 at St. Petersburg.

The Red Sox, who have yet to show any punch, beat the Yanks on a fluke run in the 13th inning. With two out and the bases loaded Bill Skowron, being tried at third base on an experiment by Manager Casey Stengel, stumbled after fielding an easy grounder. When he recovered, all hands were safe and Jim Piersall had scored.

In other games, the St. Louis Cardinals, behind home runs by Wally Moon and Del Ennis, blasted the Kansas City A's at Palm Beach 2-4; the Milwaukee Braves blanked the Detroit Tigers 1-0 with Frank Torre driving in the only run; the New York Giants won a 9-8 slugfest from the Baltimore Orioles on Gail Harris' three-run homer in the ninth inning; and the Brooklyn Dodgers whipped the Chicago White Sox 8-4.

There are now some half a million golfers in Japan," said Fred Corcoran, tournament manager for the International Golf Assn., "and they play the game fanatically and well."

"Everywhere I went down there they asked me about Hogan," Corcoran said. "They were eager to hear about the size of the man they'd heard called 'Bantam Ben' and the 'Wee Ice Man.' Being small in stature themselves, they were intrigued that a small man should attain such greatness."

Seven of the eight members of Michigan's football coaching staff attended the university.

Ben Hogan Rates High Among Golf Fans In Japan

NEW YORK (W.D.) — Ben Hogan ranks alongside Mickey Mantle as the idol of the Japanese sporting public, a returning American golf executive said today.

"There are now some half a million golfers in Japan," said Fred Corcoran, tournament manager for the International Golf Assn., "and they play the game fanatically and well."

"Everywhere I went down there they asked me about Hogan," Corcoran said. "They were eager to hear about the size of the man they'd heard called 'Bantam Ben' and the 'Wee Ice Man.' Being small in stature themselves, they were intrigued that a small man should attain such greatness."

North Carolina Set To Resume 'War In NCAA'

Yale Takes Licking From No. 1 Outfit; Little Canisius Next

By THE ASSOCIATED PRESS
Powerful North Carolina was on its way to Philadelphia today to resume the hectic NCAA basketball tournament struggle and boasting a 28-0 record that dangerous little Canisius College would love to smash.

The Tar Heels, the nation's No. 1 team, turned on the gas in the second half Tuesday night to thump Yale's Ivy League champions in the first round of the Eastern NCAA regionals at New York 90-74.

Canisius, of Buffalo, N.Y., humbled West Virginia, the Southern Conference champs, 64-56. Syracuse marched past Connecticut 82-76 in other games on the Madison Square Garden triple-header. At Columbus, Ohio, Notre Dame racked up its 10th straight victory by clipping Miami (Ohio) 89-77, while the Pittsburgh Panthers took a last-gasp verdict from Morehead (Ky.) 86-85 in the Midwest regionals.

One contest was played in the West regional, with Oklahoma City University trouncing Loyola of New Orleans 76-55 at Oklahoma City.

This completed a field of 16 teams for the next phase of the annual college scramble Friday night. The Friday winners tangle Saturday, with four teams surviving for the semifinals and finals at Kansas City March 22 and 23.

Here's the pairings for Friday: Philadelphia, East regionals — Lafayette (22-3) vs. Syracuse (17-6) and North Carolina (28-0) vs. Canisius (21-5).

Lexington, Midwest regionals — Kentucky (22-4) vs. Pitt (16-9) and Notre Dame (19-7) vs. Michigan (15-7).

Dallas, West regionals — St. Louis (19-7) vs. Oklahoma City (18-8) and Kansas (21-2) vs. Southern Methodist (21-3).

Corvallis, Far West regionals — Brigham Young (18-8) vs. California (20-4) and Idaho State (25-2) vs. San Francisco (18-6).

Meanwhile, the NAIA Tournament at Kansas City enters the second round with 16 teams headed by top-seeded Pacific Lutheran still alive.

First-round play was completed Tuesday with Pacific Lutheran downing Elon 76-61.

The NCAA small college tournament quarterfinals get under way today at Evansville, Ind., with eight teams in action, starting with Mount St. Mary's (Md.) and Rider (N.J.) at 1:30 p.m. CST. San Diego State and Los Angeles state meet in the other afternoon game. In the evening, South Dakota meets Wheaton and Buffalo (N.Y.) Univ. plays Kentucky Wesleyan.

Circleville, Ohio

Classified

Phone 782

To order a classified ad just telephone 782 and ask for an ad-taker. She will quote rates and help you write your ad. You may mail your ad to The Circleville Herald if you prefer.

WORD RATE

Per word, one insertion 5c

Per word, 3 consecutive 10c

Per word, 6 insertions 20c

Minimum charge per insertion 60c

Obituaries \$1.00 minimum

Card of Thanks \$1.00 per insertion

75 word maximum on obituaries and cards of thanks. Each additional word 5c extra.

Publisher reserves the right to edit or reject all classified advertising copy. Ads ordered for more than one time and inserted before expiration will only be charged for the number of times the ad appears and adjustments made at the rate earned. Publishers reserves the right to classify ads under the appropriate headings.

Publishers are responsible for only one incorrect insertion of an ad. Out of town advertising must be cash with the order.

Classified ads must be in The Herald office before 1:30 p.m. the day before publication.

In Memoriam

IN MEMORIAM

In loving memory of our dear husband and father Omer F. (Brady) Seiner who passed away three years ago, March 13, 1954.

The cover of life's book is closed

For one, it is well, well,

But loving deeds of bygone days

Are what the pages tell.

Often a lonely heartache

Many a tear

But always beautiful memories

Of the one we loved so dear.

Sadly missed by wife and children.

In loving memory of our dear husband and father Omer F. (Brady) Seiner who passed away three years ago, March 13, 1954.

Opera 'Drama' Said In Voice

Producer Says Seeing Action Not Necessary

By DOROTHY ROE

Associated Press Women's Editor
Anybody can enjoy opera if he can hear, says Geraldine Souvaine producer of Metropolitan Opera of the Air.

"All you have to remember," says Geri, as she is known to her friends, "is that in most operas it doesn't matter how the singers look—the drama is in the voice."

That is one reason, she believes, why the Metropolitan Saturday afternoon radio broadcasts have continued popular for 17 years.

"I have been working on these opera broadcasts for all 17 years," says she, "and I haven't been bored yet. Every time an opera is performed it is different. That's what makes it fascinating. And that's why I wouldn't trade my job for all the uranium in Canada."

Geraldine Souvaine is a tall, good-looking gal with light brown hair and a sparkle in her eye. She has a sense of humor, even about opera, and enjoys fighting for her point of view in a conference with sponsors.

Geri started out to be an opera singer herself, and departed from her Kansas City, Mo., home to study in Italy at Stella Viae (an English convent) and at the Rome Conservatory of Music. In France she attended College Montmorency, the Sorbonne and the Paris Conservatory of Music.

Instead of becoming a prima donna, Geri married Henry Souvaine, original producer of the airborne Met, and worked with him until his death in 1954. Since then she has continued as producer in her own right.

U.S. Employment Shows Upswing

WASHINGTON (AP)—An upswing of 600,012 in employment last month, offsetting in part a surprisingly steep decline in jobs in January, was reported Tuesday by the government.

Employment rose to a total of 63,190,000, the highest February level in history and about 900,000 above a year ago.

The Commerce and Labor departments said in a joint announcement that unemployment dropped by 123,000 to a total of the labor force.

U.S. Reds' Claim Labeled 'Fraud'

WASHINGTON (AP)—FBI Director J. Edgar Hoover has termed American Communists' claimed break with Moscow "a fraud."

The prime objective of this Communist move, he told the Senate Internal Security subcommittee in a letter, is to "thwart future prosecutions" by the U. S.

Marion Studies Fast Time Idea

MARION (AP)—Marion City Council has called for preparation of an ordinance which could give this city daylight saving time.

The council said Marion's decision to go on fast time would depend on whether Columbus accepts it. In Columbus, the issue will be put to the voters in May.

ferred for almost two hours Tuesday, and the vice president was understood to have gone over the question of American bases.

Nixon told newsmen he and the Emperor had discussed increased "United States activity." He declined to go further on security grounds.

The vice president lauded Ethiopia as "one of the United States' most stalwart and consistent allies." He expressed confidence the country would not succumb to Red blandishments, even though it was a "major target of Communist influence."

Haile Selassie received American newsmen for 20 minutes in his throne room. Asked about the possibility of granting base rights, he said:

"Ethiopia desires to collaborate with the United States, but only on equal footing."

There has been considerable speculation that the United States would force a showdown by trying to send ships through the gulf after Egypt re-occupied the Gulf of Aqaba coast. The closest other bunkering port open to the Americans is the British colony of Aden 300 miles south of Massawa and just outside the Red Sea.

Egypt's President Nasser sent a special envoy to Addis Ababa before Nixon arrived, reportedly with an urgent request for the Emperor to visit Cairo. Nasser views the vice president's African tour as part of a concentrated

U.S. attempt to isolate Egypt from her neighbors.

The American request, according to well-informed sources, included the right to anchor three warships at Massawa in peacetime and more in any common war effort. Warships there would be in a strategic position to back up American and Israeli claims to navigation rights in the Suez Canal and the Gulf of Aqaba, some 600 miles to the north.

Russia was said to have warned Ethiopia it might get embroiled in a major war, alleging the United States wants to store atomic and hydrogen bombs on Ethiopian soil.

Ethiopia Reported Ready To OK U.S. Military Bases

ADDIS ABABA, Ethiopia (AP)—Emperor Haile Selassie is reportedly favorable to a U.S. request for Ethiopian bases flanking Egypt—provided Ethiopia gets more American aid.

Vice President Nixon during his current visit has pressed the American request for an Air Force communications base and anchoring facilities at the Red Sea port of Massawa. Word of the American aims brought immediate reaction from Moscow and Cairo.

Russia was said to have warned Ethiopia it might get embroiled in a major war, alleging the United States wants to store atomic and hydrogen bombs on Ethiopian soil.

Egypt's President Nasser sent a special envoy to Addis Ababa before Nixon arrived, reportedly with an urgent request for the Emperor to visit Cairo. Nasser views the vice president's African tour as part of a concentrated

Haile Selassie received American newsmen for 20 minutes in his throne room. Asked about the possibility of granting base rights, he said:

"Ethiopia desires to collaborate with the United States, but only on an equal footing."

"To have a seaport without the necessary facilities is not much benefit to a country," he added in an obvious reference to hopes of American aid in developing Massawa.

"Ethiopia needs much greater assistance if she is to develop her natural resources and water resources to raise the standards of her people," he said.
